

## Liddy Parry - Testimonials

"I ordered a paper people portrait for our first wedding anniversary and was so pleased with the result. Liddy worked from a few photos that I showed her and a few ideas that I liked and I ended up with a beautiful and unique gift that we both loved. The wedding dress that she created, I love almost as much as the real thing! Delivery was excellent and overall couldn't recommend this enough".

"I only had to send Liddy 3-4 pictures and tell her the pose that I liked. She knew what to do right off the bat. The print is adorable and I can't wait to give it to my husband for our first "paper" anniversary".
